Mangalore Institute of Technology & Engineering

06/2019 - Present

CGPA- 9.25

Senior Secondary (12th)

Mahatma Gandhi Memorial PU College, Udupi

04/2017 - 02/2019

Percentage- 73

EXPERIENCE

Mulesoft Certified Developer

Mulesoft

06/2022 - 08/2022

Bangalore, India

Achievements/Tasks

- Worked with MuleSoft-hosted Anypoint Platform to take a API through all the steps of its lifecycle: design, build, deploy, manage, and govern.
- Used Anypoint Studio to build, test, and debug basic integrations and API implementations.
- Learned connecting to a range of resources including databases, files, web services and JMS queues.
- Developed a project 'Mule United Airport' which is an integration project consisting of two Restful webservices and one Soap webservice.

Campus Ambassador

Mulesoft

06/2022 - Present

Moodabidri, India

Achievements/Tasks

- Engage students on campus to grow awareness about the Mulesoft and it's certifications.
- Provide training to students on campus for Mulesoft certifications and encourage them to learn through self-paced courses to become a Mulesoft Certified Developers.
- Effectively serving as the primary point of contact between the Mulesoft and student community.

Full Stack Developer Workshop

DLithe

09/2021 - 09/2021

Moodabidri, India

Achievements/Tasks

- Worked with front-end technologies like HTML5, CSS3, Bootstrap and JavaScript. Handled server-side scripts using Java and also learned JDBC connections.
- Developed a mini-project 'Place-buddy' which is a portal for college placement drives management.

SKILLS

Web Development

API Development

SQL

Data Structure & Algorithms

Git

PROJECTS

Covid Help Center (10/2021 - 12/2021)

- Covid Help Center is a database project which keeps the records of the covid infected patients.
- It allows the users to constantly check for the infected patients in their locality or any area by using the area pincode.
- Technologies used involve HTML5, CSS3 and Bootstrap for user-interface, Java for backend and MySQL for database implementation.

Personal Portfolio (09/2021 - 10/2021)

- <https://karthik-shetty.netlify.app/>
- Developed a Portfolio website to showcase my skills and projects which helps others to know more about me and my works.
- Technologies used involve HTML5, CSS3 and JavaScript. It has been hosted and actively running in Netlify platform.

CERTIFICATES

Mulesoft Certified Developer (06/2022 - Present)

Mulesoft

Accio-wars Coding contest (07/2022 - Present)

AccioJob - Secured a rank of 707 out of 11,000+ participants.
